Children attending Phonics and SATS Club will continue Monday 28th April 2025

Baking Club will start Monday 28th April 2025, letters sent home

RED NOSE DAY – SPONSORED WALK

KS2 Children enjoyed walking to Sheringham to raise money for Red Nose Day and singing outside Tesco on Friday 21st March. Thank you for supporting this charity!

SPORTS DAY

Date for your diary – 20th June at 1pm – 3pm. We do hope you will be able to join us for Sports Day.

STAFFING

We say goodbye to Emma Barnes, our Dining Room Assistant next week. We wish her all the best for the future. Norse have advertised for Emma's replacement and hope to welcome them soon.

HEAD LICE ARE ON THE MARCH

Please check your child's hair and treat if necessary.

MAPLE CLASS

We have continued our food exploration and healthy eating by trying different dips and dippers. We had lots of different dippers on offers, to go with tzatziki, guacamole, yoghurt & chive, hummus, and salsa. The children had a fantastic time trying some new combinations and seeing which dips and dippers were their favourites, and learning about how they make a healthy snack for us.

Maple Class launched into their learning about the natural world, with Reception doing lots of investigation, and KS1 learning about plants, seed dispersal and parts of a flower.

We are eagerly awaiting the Red Nose Day fundraising and our geography trip to carry out traffic surveys and take a ride on the Coasthopper!

Please could you continue to send in any circular pots, and any other recycling to keep our junk modelling topped up? We are in need of: pots, cardboard packaging, plastic bottles, kitchen roll tubes, little boxes, other suitable junk modelling resources.

Do you think you can help us?

We are refreshing the Maple Class outdoor area. Do you think you can donate any of the items in the photos below? Please could you drop these into school to help us? Thank you!

WILLOW CLASS

This week in Willow Class the children have been busy writing their own dilemma story in the style of the tale 'The Pied Piper' which we have read this half-term. They will be writing their final version into mini books and reading their stories to the rest of the class.

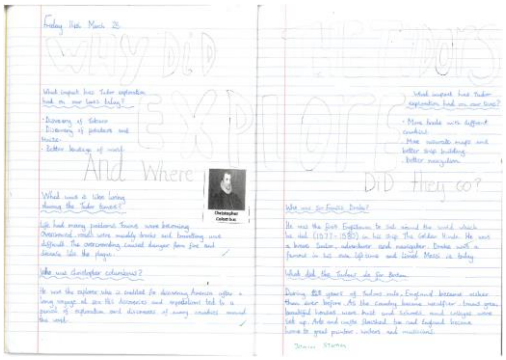

In Science, we continued to focus on the topic Earth and Space, taking part in the live lesson from the BBC as it was British Science Week. The children learnt about what it takes to be an astronaut, the physical training that is involved and how this affects the body as well as the nutritional side and the importance of a well-balanced diet in space!

In Computing we continued to learn how to use the program Scratch and this week the children created their own program following a design and added various commands to make more than one sprite move. We also focused on coding blocks and how to predict which makes a sprite move.

ASH CLASS

In Class 3 we continue to look into the Tudors with such questions as why did the Tudors explore and where did they go? Why did the Mary Rose sink? Why was there a split from Rome and what was its effect? The class all enjoy completing double page spreads related to the subjects. They have had some great ideas.

Linked to the Tudors, Class 2 and 3 visited Blickling Hall to walk in the footsteps of Anne Boleyn. We went round the house and walked around the gardens

Norwich City Sports Foundation visited again this week for an hour session of football. Everyone enjoyed the coaching.

World Book Day was a resounding success with the children joining in and enjoying the work in mixed age groups.
