THANK YOU

The staff and children at Kelling would like to say a thank you to the Friends of Kelling CE Primary for supporting our Sports Day on Friday 20th June with refreshments and a raffle. **They raised £169.00.**

We are very fortunate to have the Friends support our families to help fund items for the children which would not be possible without the funds raised.

With school budgets being cut many schools are just not able to provide this extra-curricular activity.

If you are able to volunteer with future events, please contact the school office.

We still have a few squares left, on the 100 square game. Call into the school office, if you would like to take part. £1 per square.

This will be drawn at the summer fete, on Friday 18th July

END OF YEAR TRIP

We have a school trip on Friday 11th July to Bewilderwood this is for the whole school. Letters have been sent home**. Please return your slip with payment no later than Friday 4th July.**

CLASS 3 SUMMER PRODUCTION

Class 3 will be performing their summer production at Sheringham High School on Thursday 3rd July at 6pm. Hope to see you all there.

MAPLE CLASS

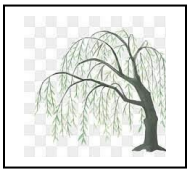

What a wonderful Sports Day Maple Class had! I heard excellent things about how the children performed and how they worked together to succeed in their activities. I am looking forward to seeing them work hard during the colour run too, on 22nd July!

We have had our first move up day, where our Year 2 children joined Willow Class as Year 3 children, our Year 1 moved up to Year 2, and our Reception became Year 1. Our incoming Reception children joined us in the afternoon on Thursday and we had an excellent time playing and showing them the ropes.

It will be our Dojo Reward morning on Monday with a trip to the beach to celebrate the children's hard work, and to celebrate the end of SATs and NFER papers. Children can wear home clothes, suitable for hot weather, but they must bring a sunhat, sun cream, and a water bottle.

WILLOW CLASS

This week in Willow Class we have continued reading our book 'The Thames and Tide Club'. The children have been writing tourist advertisements, emails of advice and started to write dialogue, all related to the book. They will be applying their learnt writing skills to plan and write their own fantasy narrative story, in the style of the book we have been reading.

In German, the children have learnt about various places around a German town as well as how to give and follow directions. They have been trying really hard to memorize a lot of the new vocabulary and without support were able to guide their partner to a specific place on the map. Well done Willow Class!

We have been very busy finishing our mechanical cam toys in Design and Technology. The children have worked particularly hard to be accurate and precise in copying their designs and following their design criteria.

ASH CLASS

It is an incredibly busy time in class three. We had sports day last Friday, not only did all the class perform brilliantly, but they all supported the younger children. A lot of this was down to the caring nature of the children. Well done.

This week the Year 6 pupils of Kelling and Blakeney visited Alderman Peel for an afternoon of STEM and robotics. There were workshops and competitions and a very cute AI robot called Buddy and one of our pupils took an immediate liking to it?

The play rehearsals are in full swing, lines being learnt, songs being sung and scenery being painted. All is looking good. The final performance is next Thursday. It's getting very close now.
